The Big Country
Talking Heads

B C# E E F# (rpt 3 more times)

```
   B        C#     E               E F#
I see the shapes, I remember from maps
  B         C#        E              E F#
I see the shoreline, I see the whitecaps
  B          C#       E                 E F#
A baseball diamond, nice weather down there
   B        C#      E                         E    F#
I see the schools, and the houses where the kids are
  B         C#  E                       E   F#
Places to park, by the factories and buildings
 B               C#   E                 E   F#
Restaurants and bars for later in the evening
 G#m                      F#    E                      F#
Then we come to the farmlands and the undeveloped areas
 G#m               F#      E                    F#
And I have learned how these things work together
  G#m               F# E                        F#
I see the parkways that passes through them all
 G#m              F#  E                        F#
And I have learned how to look at these things
```

REFRÃO

```
                   A          E                   D
And I say, I wouldn t live there if you paid me
A          E                D
I wouldn t live there, ooh, no siree
A          E                D
I wouldn t do the things the way those people do
A          E                 D
I wouldn t live there if you paid me to

I guess it s healthy, I guess the air is clean
And I guess those people have fun with their neighbors and friends
Look at that kitchen and all of that food
Look at them eat, I guess it tastes real good
 G#m                             F#  E                          E  F#
They re growin  in those farmlands, then they bring it to the stores
 G#m                            F#  E                       E  F#
They put it in their car trunks, then they bring it back home
```

CHORUS

I m tired of looking out the window of the airplane
I m tired of travelling, I want to be somewhere
And it s not even worth talking about those people down there

```
 A              E              D
Do do da da da   Do do da da da Do do
```

(keep on doing chorus with various noises)
(eventually hold the **D** a while and end on **A**)
