Intro: G D C C

```
G                  D                       C
 We can leave the Christmas light up till January
G                 D                   C
 And this is our place, we made the rules
               C
 And there s a dazzling haze
     D             C
 A mysterious way about you, dear
G                         D                  C
 Have I known you twenty seconds or twenty years?

     G    D         C
 Can I go where you go?
        G      D       C                          G
 Can we always be this close forever and ever and ah
         D               C
 Take me out and take me home
        G   D   Em  D  C
 You re my, my, my, my,   lover

G                  D              C
 We could let our friends crash in the living room
G            D                  C
 This is our place, we made the call
         G                      D                      C
 And I m highly suspicious that everyone who sees you wants you
      G                            D
 I ve loved you three summers now, honey,
        C
 But I want them all

     G    D         C

 Can I go where you go?

        G      D       C                           G

 Can we always be this close forever and ever and ah

 And you ll save all your dirtiest jokes for me
              Am                    D
 And at every table I ll save you a seat, lover

     G    D         C
 Can I go where you go?
        G      D       C                          G
