```
B           F#
Long ago I don t know when
E                        B            F#
That s when they let the water flow in
B                        F#
They said it s time, it s time to begin
E               B           F#
So they let the water flow in

B                           F#
Let the water flow, let it flow right in
E               B           F#
Come on baby, let s take a swim
B                          F#
Let the water flow, let it flow right in
E              B           F#        E     F#   back to B
Come on baby, let s take a swim in love
```

Verses are the same and choruses are the same. On the key change just insert C for B and G for F# and F for E. Have fun even though you probably won t have the 40 druken girls singing the last chorus with you. Enjoy.
