Rites Of Spring
The Bravery

Hello! I hope you enjoy what it took me quite a while to figure out. But my hard work is
to your benefit. So I hope you enjoy this and it helps you out alot. And thats all I
to say.

This first part was originally made for keyboard,
 but I like it more on Guitar so here it is.

```
e--------------------------------9-12-----------------|
b-----------12---13---12---14---------12--10---10-----|
g-11-14-11----11---11---11----9--9--9---9---11--------|   x5
d-----------------------------------------------------|
a-----------------------------------------------------|
e-----------------------------------------------------|
```

After one time of that the other guitar comes in with this.

```
e----------------------------9--9--9--9--9--9--9--9-----|
b-10-10-10-10-10-10-10-10--10-10-10-10-10-10-10-10------|
g-11-11-11-11-11-11-11-11------------------------------|
d-----------------------------------------------------|   Continued on next
line......
a-----------------------------------------------------|
e-----------------------------------------------------|

e-9-9-9-9-9-9-9-9-----------------------|
b-9-9-9-9-9-9-9-9--9-9-9-9-9-9-9-9-------|
g-9-9-9-9-9-9-9-9--8-8-8-8-8-8-8-8-------|    x8
d---------------------------------------|
a---------------------------------------|
e---------------------------------------|
```

The the pre-chorus comes next.

```
e-----------------15----15----15----15----------------|
b----15----15-------------------------------15----15---|
g-12----12----12----12-----12----12----12----12-------|
d-----------------------------------------------------|  Continued on next
line.....
a-----------------------------------------------------|
e-----------------------------------------------------|

e-----------------14----14----14----14---------------|
b----14----14----------------------------14----14----|
```

```
g-11----11----11----11----11----11----11----11-------|
d-----------------------------------------------------|
a-----------------------------------------------------|
e-----------------------------------------------------|
```

Then the chorus comes next.

```
e--------------------------------9-12-----------------|
b-----------12---13---12---14---------12--10---10-----|
g-11-14-11----11---11---11----9--9--9---9---11--------|   x4
d-----------------------------------------------------|
a-----------------------------------------------------|
e-----------------------------------------------------|
```

and during that the other guitar plays.

```
e----------------------------9--9--9--9--9--9--9--9-----|
b-10-10-10-10-10-10-10-10--10-10-10-10-10-10-10-10------|
g-11-11-11-11-11-11-11-11------------------------------|
d-------------------------------------------------------|   Continued on next
line......
a-------------------------------------------------------|
e-------------------------------------------------------|

e-9-9-9-9-9-9-9-9-----------------------|
b-9-9-9-9-9-9-9-9--9-9-9-9-9-9-9-9-------|
g-9-9-9-9-9-9-9-9--8-8-8-8-8-8-8-8-------|    x4
d----------------------------------------|
a----------------------------------------|
e----------------------------------------|
```

Then it repeats like that until the solo, which comes after the 2nd chorus.
And it goes like this.
Keep in mind he is doing really fast strokes.

```
e-----------------------------------------------------|
b----------------------------12-----------------------|
g-14--13--11-13-11------14-----13-14-11-12-11--------|   Continued on next
line.....
d--------------------14--------------------------14---|
a-----------------------------------------------------|
e-----------------------------------------------------|

e-------------------------------------------------------|
b----14----14----17----17-----14----14----17----17----|
g-14----14----14----14-----14----14----14----14-------|   Continued on next
line.....
d-------------------------------------------------------|
a-------------------------------------------------------|
e-------------------------------------------------------|

e------------------------12--------------------|
b----12----12----14----------14----12--------|
```

```
g-13----13----13----13----13----13-----------|      Continued on next line.....
d--------------------------------------------|
a--------------------------------------------|
e--------------------------------------------|

e---------------------9-9-9-9-|
b-----------------------------|
g-11b-9-----------------------|
d-------11---11---9-----------|
a-----------------------------|
e-----------------------------|
```

And Thats the solo.

Now comes the bridge.
Its originally for keyboard but, as you know I think everything
sounds better on guitar.

```
e----------------------------------------|
b----------------------------------------|
g----------------------------------------|    x1
d----------------------------------------|
a-0-2---------0--0-2--------------2-------|
e-----2-2-0-2--------0-0-2-0-2-0----------|
```

And that continues through the chorus to finish up the song.
So there you are thats all, and have a good time playing Rites of Spring.
