Fox On The Run
The Country Gentlemen

You play this song by doing this: pluck strum, pluck strum

```
    D                   A7           Em          G          Em
She walks throught the corn leading down to the river, her hair shown like
A7          G           D                       A7          Em
gold in the hot mornin  sun.  She took all the love that a poor boy could
G            Em         A7         G          D           G
give her and left me to die like a fox on the run. Like a fox, like a fox,
                    D
like a fox, on the run.
```

The versus are played the same way except the chords are like this

G D A D G D E A G D A D G D A D

Then you start back into the chorus

I hope this helps you, it is how i learned it, it is very chordy
