Repeat Riff 1: **Dm**, **C#**, **B**, **C#** through the verse

All the stuff we know we never want
Seems like we get it anyway
Safe to say it isn´t really wrong
Not when we know we only...
Throw it all away

Repeat Riff 1: **Dm**, **C#**, **B**, **C#** through the verse

Yeah all of this we never know we want
it´s like we get it anyway
Safe to say it isn´t ever wrong
Better to get than to delay
A 3d screen
A cleaner fit
A bit pulled out of every hit
Addicted latest greatest piece
Design caprice and make the headline
No it doesn´t come for free
But it´s the price
We pay for happiness

Repeat the brigde chords: **G#m**, **Bbm**, **Dm**, **B** through the verse

No don´t talk about more
to life than this
Dream a world maybe
no one owns
No don´t think about
all the life we miss

G#m **Bbm**
Swallow doubt as the hunger grows

G#m **Bbm**
Make believe it´s like no one knows
G#m **Bbm**
Even if we turn more to most
B **C#**
We ll never satisfy the hungry ghost

Dm
And all of this

C#
We know we never need
B
Well it´s the price
C#
We pay for happiness
