Northern Lights
The Dangerous Summer

Full Band Version = D Major
Acoustic Version = Db Major (Half Step Down)

(The additions to the basic chords are added due to the D-A fifth that sustain throughout most of the song)

(Verse)
```
Bm7           Asus4            D
   It s two o clock and I was sleeping,

    Gsus2
But I m not feeling great.

Bm7            Asus4                Gsus2
   I took some pills to help my thinking, But now I m thinking worse.

Bm7           Asus4               D
   Well I was hoping that I could see you,

   Gsus2
If that s not too absurd.

Bm7        Asus4         Gsus2
   Am I in love, or am I dreaming?  Cause I m not sensibly,
```

(Chorus)
```
Bm7                    D                            Gsus2
    Just taken by your words.  For once I found the cure

                                                 Bm7
I m sick of staying up late,  Cause you re not here,

            D                  Gsus2
And I m not there. No, I m not afraid to watch you change me.

I m not afraid to watch you change me.
```

(Verse)
```
                Bm7            Asus4
You need to know   what you re into,

                     D                 Gsus2
I ll tell you I m a God damn piece of work.
```

```
             Bm7                 Asus4          Gsus2
So I ll just sit here, Until you enter my arms,

                  Bm7           Asus4          D
 Cause that s the simpleness of where I lay my head.

      Gsus2                Bm         Asus4             Gsus2
I m a wreck when I m alone,   I m the boy who lost his hope.

And I m sensibly just,

(Chorus)
Bm7                     D                              Gsus2
         Taken by your words.  For once I found the cure

                                                      Bm7
I m sick of staying up late,  Cause you re not here,

            D                   Gsus2
And I m not there. No, I m not afraid to watch you change me.

I m not afraid to watch you change me anymore.

(Bridge)
Bm7 D Asus4

Bm7 D Asus4

           Bm7        D             Asus4
I took the Key Bridge North to your parents  house again.
           Bm7     D              Asus4
I saw my share of lights from the sky outside the city.
             Bm7      D            Asus4
I bought you things I love just to show you that I care.
            Bm7          D             Asus4
I found the place to lay inside of the wharf,
               Bm7                     D
And that s the way that I spend these last few days,
    Asus4
And writing all these songs.
           Bm7                 D         Asus4
I swear to God that I love you,  cause I can t explain this.

I m sensibly just -

(Chorus)
Bm7                     D                              Gsus2
         Taken by your words.  For once I found the cure

                                                      Bm7
I m sick of staying up late,  Cause you re not here,
```

```
            D                   Gsus2
And I m not there. No, I m not afraid to watch you change me.

I m not afraid to watch you change me anymore

Bm7                     D                             Gsus2
    I m taken by your words.  For once I found the cure
                                                   Bm7
I m sick of staying up late,  Cause you re not here,
            D                    Gsus2
And I m not there. No, I m not afraid to watch you change me.

I m not afraid to watch you change me anymore.
