

[Verse 3]

**Dm** **G**  
I can still hear our screams competing  
**Dm** **Am**  
You're hissing your S's like a snake  
**F** **C**  
Now in the mirror stands half a man  
**Dm** **G**  
I thought no one could break.

[Verse 4]

**Dm** **G**  
It wasn't the rain that made no difference  
**Dm** **Am**  
Nervously drumming on: Run away  
**F** **C**  
But I want the guilt to get me thoughts to wreck me  
**Dm** **G** **A**  
Preying on my mind.

[Chorus]

**F**  
So come on please now  
**G** **C**  
Talk to me; tell me  
**G** **D**  
things I could find helpful  
**F** **C**  
How can I stop now  
**G** **Dm**  
Is there nothing I can do  
**F** **C**  
I have lost my way  
**Em** **Dm**  
I've been losing you.
