I can t figure out the very beginning(fancy finger picking part or whatever), so I
just strum **C#**, **Fm Eb** and **C#**, etc.

CAPO 2
INTRO- **C# Fm Eb C#**, **G# Eb Fm C# Fm Eb** (listen to the song to figure out when to switch)tuning=eBGDAE(standard) G(330023)
F#(332002)
C#(33023X)
Fm(33022X)
Eb(332000)

I KNOW I PROBABLY DON T HAVE THE RIGHT CHORD NAMES BUT PAY ATTENTION TO THOSE (it
goes (eBGDAE)) CAUSE IT WON T SOUND RIGHT IF YOU PLAY THEM ALL AS MAJOR CHORDS.

LISTEN TO THE SONG FOR CORRECT STRUMMING BECAUSE SOME PARTS ARE DIFFERENT

```
