Tell Sally Dont Bite
The Lips

It s very simple.

```
D                                              F            G
My fingers don t lie. My fingers don t lie. I guess it s nothing.
My mouth it ain t dry. My mouth it ain t fine. My Mouth is nothing.
```

Tell Sally I m alive. Tell Sally don t bite.
Tell her she s nothing.

(same chord progression with different melodies for the entire song.)

Verse 2:

My fingers won t budge. My fingers won t move.
I guess they re nothing.
Hey, what s in your womb?
Hey, what s in that wound?
I suppose it s nothing.

(Chorus)
