On The Impossible Past
The Menzingers

Great song, wish it was longer. And I m not even into modern Indie bands.

```
    G#m                           E
We took rides in your american muscle car
                      G#m
I felt american we shared our smokes
                              E
I held the wheel while you drank and drove

                    G#m
Our plans were miserable

G#m               E

G#m               E

            G#m
And then we crashed your car
                E
your American muscle car
                 G#m
into a ditch on sawmill road
                  E
there was ice on all the roads
                              F#   E
we always dreamt of having nice things
       F#   E
having nice things ..
