    Your house is dirty
B   A                      E
    Why don t you come outside a little while?
B                       A            E
    Why don t you step out into the sun?
```

[Chorus]
```
       B     A   E
Let me take you down

Let me ease you around

[Verse 2]

```
B       A                       E
    And out there on the front porch
B        A                  E
    Your hair shines in the sun
B                      A              B
    And I can see the sun gathering on your eyes

    What the hell are you looking at?
```

[Chorus]
```
       B     A   E
Let me take you down

Let me ease you around
