The Naked Brothers Band

```
D         A     G
My mind turned around
 D          A          G
I m seeing things upside down
D         A      G
My mind turned around
 D          A      G
I m acting like a clown

           A           D
Cause the girl of my dreams
     G             D
Was right next to me and she was
 G             D
Sitting on my lap
 Asus2              Em
I didn t catch your name
 G               D
But I m going insane
 A                    C
I m in love with the girl

       C
I will find her
       G
I will get her
        C
I will make her
    D          G
Little heart come through
        C
I will see her
      G
From miles away
       G
From night to day
      C
In my head

-SPOKEN-
