I Am Redeemed
The Neverclaim

I am redeemed
C G D Em
Kiss your feet, kiss your feet, as brokenness runs down my cheek
C G D Em
may these tears be a sweet offering to you.
C G D Em
Incomplete, so incomplete, yet declarations over me,
C G D Em
from the eternal son, redeemed, redeemed, redeemed.

C G D Em
In my darkness you hold me close and you promise me you never

let go
C G D Em
my heart burns for you, oh, i am redeemed, i am redeemed

C G D Em
I receive, I receive, redemptive work done deep in me
C G D Em
until this heart is fully given onto you

C G D Em
so please proceed, please proceed, your kingdom raining over
C G D Em
me, because who I am right now is not who Iâ€™ll fully be.
