**Am C**

They don't last

You're wasting the moment  
Biding your time  
No one got ahead  
Standing in line  
So something is over  
Before it's begun  
So close you can taste it  
But now it is gone

Cold stars of the future  
Burn bright in the past  
These moments of solace  
They don't last  
They cannot last

You're hoping for solace  
Well, just look around  
Everyone here is  
Standing in line

**Am C D x3**

**Am C D (add G)**
