```
 G                                                  C G
Just a few days and you ll be back in your school
                                                 C G
I ll be sitting around by the swimming pool
                                                       C G
You ll be studying history and you ll be down the gym
                                                              C G
And I ll be down the pub, probably playing pool and drinking
D                                                    G  C G
It s over now, it s a summer romance and it s through
D                                                  G    C G

                                                  C G
Just a few days and you ll be back in your class
                                                     C G
Sucking up the teacher and trying to get an  a  pass
                                                                C G
Trying to hide your make-up and you re trying to flash your legs
                                              C G
Yeh, no sympathy from your spotty friends
D                                                  G   C G

D                                               G    C G

                                                    C G
And I can t be your mum, don t want to be your dad
                                            C G

                                                   C G
