Intro: **A** * * *

```
         A        *      Dadd9     *           E5    *     *     *
Well the world is only a stage and Iâ€™m just a man
       A     *             Dadd9        *           E5    *     *     *
With a sound caught in his throat and a pick in his hand
             Dadd9      *        F#m  *        C#m   *     *
But when the song comes tumbling out you understand
        Dadd9      E5    *    *    *
Thereâ€™s no great demand

          A     *          Dadd9   *           E5    *     *     *
Well it s there under your breath, behind your eyes
        A     *           Dadd9         *    E5    *     *     *
And you donâ€™t have to say nothing cause I realize
      Dadd9     *          F#m        *         C#m     *     *
That everything somehow in someway e-ventually dies
     Dadd9      E5     *     *
It s life in disguise

          F#m            A              Dadd9  Dsus2  E
It s your room and your board and your fi -   re -   side
       F#m                A           Dadd9  Dsus2  E
Itâ€™s a shell thatâ€™s been washed by a mill - ion    tides
              F#m            A            Dadd9  Dsus2  E        *     *     *
And if youâ€™re there you can see just how bright it     shines

             A      *            Dadd9  *            E5    *     *     *
When thereâ€™s nobody left in your heart, left in your head
         A                *            Dadd9       *            E5    *     *
*
```

When the whole world has packed up in shadows and left you for dead
Dadd9 * **F#m** * **C#m** * *
When you canâ€™t fake a smile and you just canâ€™t get out of your bed
Dadd9 **E5** * *
When the people you led

F#m **A** **Dadd9** **Dsus2** **E**
Turn to you looking so hung - ry and bare
F#m **A** **Dadd9** **Dsus2** **E**
And you were the one who had brought them there
F#m **A** **Dadd9 Dsus2** **E** * * *
And all you can do is just stare at your hands and whisper my (name)
