

**A, E, F#m**

**A**                    **E**                    **F#m**  
Turn around the night is still young

**A**                    **E**                    **F#m**  
Keep your lights on, I m coming home

**A**                    **E**  
You must decide now where you want to be  
**F#m**                    **F**

You re the one who said to me:

**A**                    **E**                    **D**  
Realize that nothing lasts long

**E**  
I m coming home

**D**    **A**            **E**  
I just want to sleep by your side

**Bm**    **D**    **E**  
It makes me feel so alive

**Bm**                    **D**  
So easy to love from a distance

**A**  
Hard to be near when you can

**Bm**                    **D**  
Impossible now to go back to

**E**  
Where we began

**D**    **A**            **E**  
I just want to sleep by your side

**D**    **A**    **E**  
It makes me feel so alive

**D**    **A**            **E**  
I just wanna sleep by your side

**Bm**    **D**                    **E**  
I just wanna sleep through the night

**A, E, F#m**

And here it goes again... let me know iof it s wrong...  
s.chapuisat@bol.com.br...  
gotta sleep, see you...
