Love Sewn
The Wanted

```
F#                                    Ebm
Yeah we fell we fell so hard we sold out
Yeah we fray and fade away
         B
we never cut loose there s nobody but you
       F#
nobody else (nobody else)

F#                                Ebm
Yeah we feel we feel all of the same thing
                            B
You find you find all of my secrets
Locked up deep inside of me
              F#
I know your always right
(Always right)

B            C#
So save your words,
              B
I m bleeding inside,
          C#                       B
You see the hurt, no where left to hide
             C#                   Ebm
and all this time, you re slipping away from me
        B
bring me to my knees

F#                     C#
 Now I m lying on the floor,
                 Ebm
with no one else to blame
               B                              F#
torn apart and knowing that I ll mess it up again
                C#                          Ebm
Now I don t recognize just what we used to be
                  C#                  B
and I can see us tearing at the seams

B               C#                         B
We cover up the scars, and never let them go
                     C#
Stitch up our broken hearts this love is sewn
F#
(this love is sewn)

F#                                     Ebm
```

Yeah we try, we try to leave them behind
                                                B
All our mistakes, we stumble though a million fights

Every time we twist the knife
                    F#
We forgive never forget, never forget
