\mathbf{E}\mathbf{m}
I didn t want to know
Em
I just didn t want to know
Best to keep things in the shallow end
Cause I never quite learned how to swim
Em
I just didn t want to know
Didn t want
Didn t want
Didn t want
Didn t want
Close my eyes just to look at you
Am
Taken by the seamless vision
I close my eyes
Ignore the smoke
Ignore the smoke
Αm
Ignore the smoke
E Dsus2 G
Call an optimist, she s turning blue
```

```
Such a lovely color for you
E Dsus2 G
Call an optimist, she s turning blue
While I just sit and stare at you
Em
Because I don t want to know
I didn t want to know
I just didn t want to know
I just didn t want
    Am
Mistook their nods for an approval
       Am
Just ignore the smoke and smile
E Dsus2 G
Call it aftermath, she s turning blue
Such a lovely color for you
    Dsus2
           G
Call it aftermath, she s turning blue
Such a perfect color for your eyes
    Dsus2
Call it aftermath, she s turning blue
Such a lovely color for you
    Dsus2
Call it aftermath, she s turning blue
While I just sit and stare at you
CAC
Em
I don t want to know
(Fade out)
