Every brick, every board, every slamming door blown away

Blown away (Falling from cloud nine)
F#m                   A                    E
Shatter every window till it s all blown away
    F#m       A   E        B
I m letting go tonight
         F#m      A    E    B
I m wide awake
          F#m      A    E    B
I m wide awake

E        C#m            F#m7   B7
Lollipop, oh, Lolli, Lolli, Lolli..
E        C#m            F#m7   B7
Lollipop, oh, Lolli, Lolli, Lolli..
E        C#m            F#m7   B7
Lollipop, oh, Lolli, Lolli, Lolli..
E         B7
Lollipop, Lollipop

E      C#m            F#m7   B7
Shoes, Shoes
E                        C#m            F#m7   B7
Donâ€™tâ€™ want no short, short men, Letâ€™s get some
E      C#m            F#m7   B7
Shoes, shoes
E                       C#m            F#m7   B7
Donâ€™t want no short, short men,

D
I got my ticket for the long way round
G                            D
Two bottle of whiskey for the way
```

```
      G                                   D
And I sure would like some sweet company
        G         A                 D
And I m leaving tomorrow what do ya say?

     Bm                    A
A tornado flew around my room before you came
   E                          Bm
Excuse the mess it made, it usually doesn t rain
     Bm                    A
In Southern California, much like Arizona
  E                  Bm
My eyes don t shed tears, but, boy, they bawl

[Pre-Chorus]
           Bm
When I m thinkin   bout you
       A
(Ooh, no, no, no)
            E

      Bm
(You know, know, know)
            Bm
I ve been thinkin   bout you
         A               E
Do you think about me still?
         Bm
Do ya, do ya?

F#m                A
Do, Do you got a first aid kit handy?
C#                            A         G
Do, Do you know how to patch up a wound?
F#m
Tell me, are-are-are-are you
A
Are you patient, understanding?
C#                                A
Cause I might need some time to clear
G
The hole in my heart and I
F#m              A
Iâ€™ve tried every remedy
C#                           A
And nothing seems to work for me
C#         C
Damaged, damagedu2028
A                               G
