Swedes In Stockholm
Tokyo Police Club

Repeat G and C (just E, A, and D strings) for first and second verse

You know you should
â€™cause itâ€™s been a while
and every Swede in Stockholm thinks
youâ€™re in his right

It is in my blood
and my guilty smile
in my school of thought we like to try and
call it out

```
Em         C         Am
I wonâ€™t be here for long
           C          Am
Iâ€™m leaving in a while
Em         C         Am
this could be my very last song
           Am                       C
but if Iâ€™m leaving, I am leaving in style
```

Repeat G and C (all strings) for 3rd and 4th verse

you go out at night
in the witching hour
I donâ€™t drive a car but I run pretty fast
just like my dad

I didnâ€™t wear my seat-belt
â€™cause someone told someone else
that every bounty-hunter in the world is out to get me
I gotta watch my step, yeah

```
Em         C         Am
I wonâ€™t be here for long
           C          Am
Iâ€™m leaving in a while
Em         C         Am
this could be my very last song
           Am                       C
but if Iâ€™m leaving, I am leaving in style
```
