Luna
Tom Petty And The Heartbreakers

This song was on the boys first record way back in 1976, and this song has always been one of my favourites. It s pretty simple to play, although I m not quite sure what to play at the break in the middle where the tempo speeds up. Anyway, great song, here s what I got.

Luna -- Tom Petty and the Heartbreakers, from Tom Petty and the Heartbreakers
1976, Gone Gator Records, written by TP

```
Dm                    Bb                      F                G
White lite cut a scar in the sky, a thin line of silver
Dm             Bb                                F                      G
Life was all cloudy with dreams, the wind made me shiver
Dm                              Bb               F                  G
With black and yellow pools of lite, outside my window
Dm            Bb                  F         G
Luna come to me tonight, I am a prisoner
Dm         F   C              G
Lu----------na, glide down from the moon
```

Clouds are all silver and black, floating around me

With black and yellow pools of lite, all by my window
Luna come to me tonite, I am a prisoner
