             Am7          C7add13-
  It s dreamy weather we re on
B7              Em           F7add13-
  You waved your crooked wand
E7          Am7   Am            B7
  Along an icy pond with a frozen moon
B9-           Em         A#madd9 Am7
  A murder of silhouette crows I saw
        Am         C7add13-
  And the tears on my face
B7                      Am7
  And the skates on the pond
Baug         Em    Em7
  They spell Alice

Am7                  C7add13-
  I disappear in your name
B7             Em         F7add13-
  But you must wait for me
E7          Am7
  Somewhere across the sea
Am                   B7
  There s a wreck of a ship
B9-                 Em           A#madd9 Am7
  Your hair is like meadow grass on the tide
         Am         C7add13-
  And the raindrops on my window
B7                  Am7
  And the ice in my drink
B7               Am7     Baug
  Baby all I can think of
Em          Em7
  Is Alice

Am7                C7add13- B7
  Arithmetic arithmetock

Em                  F7add13- E7
```

```
  How did the razor find my throat?
Am7                     B7
  The only strings that hold me here
             Am7          Baug
  Are tangled up around the pier

          Am7        C7add13-
  And so a secret kiss
        B7      Em            F7add13-
  Brings madness with the bliss
E7           Am7
  And I will think of this
Am                   C7add13-
  When I m dead in my grave
B7       Em             Am6   Am7
  Set me adrift and I m lost over there
               C7add13-
  And I must be insane
B7                       Am7
  To go skating on your name
B7                  Am7
  And by tracing it twice
B7                  Am7
  I fell through the ice
B7   Em          Em7
  Of Alice
