

Another Set of Wings
A Rocket To The Moon

[Intro] C G Em D

I keep staring at your door from down the hallway
Tonight I couldn't make it to the moon
Looking at our pictures on the fireplace
Wishing it was me instead of you
It gets harder everyday but I keep on holding on

There's an angel looking out for me
Because I ain't well
Though I try to be
I'm dancing all alone
Cause I can hear you sing,
I need my angel
Like heaven needs another set of wings

(C G Em D)
(C G Em D)

Lately I just keep my windows open
Hoping I might feel you in the wind
Time heals all, but somehow I'm still broken
Cause parts of me ain't ever gonna mend

There's an angel looking out for me
Because I ain't well
Though I try to be

I m dancing all alone

Em D

Cause I can hear you sing,

C G

I need my angel

Em D C

Like heaven needs another set of wings
