

Fear of Flying
A Rocket To The Moon

(capotraste na segunda casa)

F **G6** **C**
I took a picture of a girl I once knew
F **G6** **C**
I kept it here in case I d run into you
F **G6** **C**
The look on your face could light up a room but
C/G **G6**
instead you left

F **G6** **C**
And now I m sitting with my head on the dashboard
F **G6** **C**
Push the seat back and close my eyes
F **G6** **C**
I had this dream that I was on an airplane
C/G **G6**
Afraid to fly

F **G6** **C**
So I tipped my head to the side and I whispered
F **G6** **C**
To this man that was in the isle
F **G6** **C**
I said do you know how long it takes
C/G **G6**
Before we Die?
C/G **G6**
And then I rolled
C
Awake

C/G **E**
Can you take me back to the person I used to be
E **F**
Back when you were there for me
C
I know it seems like forever
G6
But do me this favor please
C/G
Way back when we were stupid
E **F**
And held grudges just to help us sleep
C/G **G6**
Oh my God, how ridiculous were we?

F **G6** **C**
F **G6** **C**
F **G6** **C**
C/G **G6**

F **G6** **C**
I stop your breathing every time I m around girl
F **G6** **C**
Your body s sweating and your hands start to shake
F **G6** **C**
I know you can t control your eyes but I know that
C/G **G6**
Your looks are fake

F **G6** **C**
So tease me once and I swear I ll forget
F **G6** **C**
How it feels when you ve got nothing left
F **G6** **C**
Well take it slow and only work at it sometimes
C/G **G6**
oh yeah...
