```
C#                Bbm
Snow don t fall
F#                  C#
on summers time
Bbm
wind don t blow
F#               C#
below the sea
Bbm                 F#
my loves lies
                     C#
 neath frozen skies
                    B
and waits in sweet
Bbm            C#
repose for me

C#                   Bbm
Her eyes did laugh
F#                 C#
her lips did sing
Bbm
her legs did roll
F#               C#
my soul to bring
Bbm
her hair did curl
F#                            C#
and her thoughts unfurled
               B
like birds upon
Bbm              C#
the wings of spring

B          F#             C#
my love I need not see
B               F#              C#            G#
to know she cast her glance at me

C#                 Bbm
Snow don t fall
F#                  C#
on summers time
```

```
Bbm
wind don t blow
F#              C#
below the sea
Bbm
my loves lies
F#                  C#
 neath frozen skies
                   B
and waits in sweet
Bbm           C#
repose for me
```

I have only recently discovered Townes Van Zandt and the few songs that I have heard are just beautiful. So in a sense I feel as though I am at the beginning of a very long journey into this man s music. One of the songs I heard is Snow Don t Fall and I noticed you did not have it in your chords section so I ve worked it out and here it is.
