Trustcompany - Stronger

Intro: **F#m**

Verse:

```
F#m
   Can you save me
A                  E
   Will you fail me now
                                  D
   It s almost over cause you ve faded out, again
F#m
   Will you break me
A                         E
   When you re holding me down
                        D
   I will escape you and I ll
```

Pre-chorus:

```
                                F#m
   I ll push you closer to the ground
A                                    E
   Cause you re the one that s going down
```

Chorus:

```
         F#m           E
   And I am, stronger now
             D
   Since you crawled away
             D
   You re so far away
         F#m           E
   And I am, stronger now
             D                       D
   Since you crawled away, since you crawled away
```

Verse:

```
F#m
   Never gonna save me
A                  E
```

```
   You just shut me out
                                D
   And now it s over cause I m stepping out, again
F#m
   Never gonna break me
A                       E
   Just try and hold me down
                        D
   I will escape you and I ll
```

Pre-chorus:

```
                                F#m
   I ll push you closer to the ground
A                                    E
   Cause you re the one that s going down
```

Chorus:

```
         F#m           E
   And I am, stronger now
             D
   Since you crawled away
             D
   You re so far away
         F#m           E
   And I am, stronger now
             D                       D
   Since you crawled away, since you crawled away

F#m                      A
   You want to tear me down
                        E
   You want to hold me down
                         E
   You can t control me now
F#m                     A
   You cannot take me out
                       E
   You cannot save me now
                         E
   Because I m stronger now
```

Chorus (softly):

```
         F#m           E
   And I am, stronger now
             D
   Since you crawled away
```

```
            D
   You re so far away
         F#m           E
   And I am, stronger now
            D                        D
   Since you crawled away, since you crawled away

Chorus:

         F#m           E
   And I am, stronger now
            D
   Since you crawled away
            D
   You re so far away
         F#m           E
   And I am, stronger now
            D                        D
   Since you crawled away, since you crawled away

F#m                      A
   You want to tear me down
                        E
   You want to hold me down
                         E
   You can t control me now
F#m                     A
   You cannot take me out
                       E
   You cannot save me now
                         E
   Because I m stronger now
```
