Bb                G#                 F#       G#
I just lay down wonderin  what to lay down
Bb            G#          F#      G#
Lately I can do it every day undisturbed
  C                     Bb                G#  F Eb
I think I know what but I can t find out how
Bb                  G#                  F#    A
The morning didn t show me what it was worth

Miles and miles of smiles, getting me nowhere
Opportunities I just can see
You can t lead me to the slaughter  cause I ll already be there
I ve been up that street and I know what s waiting for me
     Eb
Just waiting!

Midnight!

Moon bright!
G#       Ebm
Day into day!
G#                Ebm
No escape, I must stay!

G#        Bb           Cm
Midnight, show me the way!
            F                         Cm
Show me the way, give me something to play
             F        D                    Eb
Something to play, to help me face the new day!

        G#         Eb        F#       C#
Take me out of the darkness into the light
        G#               Eb     F#          C#
I ve no friends to stand by me here in the night
E      B          E            B
It s an affair of a sad and weary heart
        E         F#                   B
Take me out of the darkness back to the start! B7
