Emmylou
Vance Joy

Standard Tuning, No Capo

My first Tab ever here guys, and I m kinda wined up, so feel free to correct as you will.

Vance plays **F#**, **F#**, **Bbm**, **G#** throughout the entire song. Obviously there s picking involved
but I m too pissed to make a decent attempt at tabbing it out. It s a basic strum
pattern, with a hammer on the 4th (G) string 2nd fret, but you ll need someone a bit
more focused than me to help tab it out properly. It s a beautiful song from an amazing
artist, so
hopefully someone puts in the effort.

Hopefully at least the lyrics are close.

Keep them coming Vance, you re an inspiration.

Verse 1-
Oh, if you re losing sleep,
h if you re losing sleep, scared of shadows
I see it s just a chair,
See you re clothes hang there
Don t go losing sleep scared of shadows.

Oh don t feel bad
I never have
Since I got you
My Emmylou

You wear your socks to bed, that s what I do
Oh come on sleepyhead, get yourself to bed,
Don t go losing all the night time
