Lately I m not who I used to be

**A**  
Someone s come and taken me

**B**  
Where I don t wanna go

**E** **B**  
If I knew exactly what I have to do

**A**  
In order to be there for you

**B**  
When you were feeling low

**C#m**  
And all the things we ever wanted

**B**  
Were once yours and mine

**A**  
Now I know we can revive it

**E** **B**  
All the love we left

**E**  
Everytime I kiss I feel your lips and

**B**  
Everytime I cry I see your smile and

**C#m** **A**  
Everytime I close my eyes I realise that

**E**  
Everytime I hold your hand in mine

**B**  
The sweetest thing my heart could ever find

**C#m**

And I have never felt this way

Since the day I gave your love away

Save me, I've fallen from my destiny

You and I were meant to be

I've thrown it all away

Now you're gone

**B**

It's time for me to carry on

**A**

But baby I just can't go on

**B**

Without you by my side

**C#m**

And all the things we ever wanted

**B**

Were once yours and mine

**A**

Now I know we can revive it

All the love we left
