D|-----|
A|-----|
E|-----|
```

Versel:

```
          A          E
You and I cannot hide
                D
The love we feel inside
                Bm E
The words we need to say
                A          E
I feel that I have always walked alone
                D
But now that you re here with me
                A          D
There ll always be a place
                E
That i can go
```

Refrain:

```
          D          A
Suddenly our destiny
C#          F#m
Has started to unfold
                D
When your next to me
          A
I can see the greatest story
          E          A
Love has ever told
```

Chorus:

```
          A          E
Now my life is blessed
                D
With the love of an angel
```

E                      A  
 How can it be true?  
                     E                      D  
 Somebody to keep the dream alive  
                     E                      F#m  
 The dream i found in you  
    G#m  
 I always thought that love would be  
                     A                      D  
 The strangest thing to me  
    E  
 But when we touch i realize  
                     D                      E                      A-E  
 That I found my place in heaven by your side

Verse2:

                    A                      E  
 I could fly,when you smile  
    D  
 I d walk a thousand miles  
    Bm E  
 To hear you call my name  
                     A                      E  
 Now that I have finally found the one  
                     D                      A  
 Who will be there for me eternally  
    E  
 My everlasting sun

(Repeat Refrain then Chorus)
