

If I Can't Have You

A1

Another picture on the wall **A**
Another life I used to live **F#m**
Another meaning once untrue **D**
With every memory of you **E**
Broken in my sleep **F#m**
A
Another moment lost in time
You talked of love and I agreed **F#m**
So many chances passed us by **D**
And now I've lost the strength to try **E**
Your love was never mine to keep **F#m**
F#m
We can't hold on we're losing track **Bm**
So where's the road to take us back **D**
And how did we forget what we believed **E**

Refrão:

If I can't have you **A**
And if the love has gone **F#m**
And if you just can't find it in yourself to carry on **D** **E**
And if you had to leave **F#m**
And take my life forever **D**
Cuz I would never be with anybody else **Bm** **E**
If I can't have you **A**

With every night I lie awake **F#m**
With every day we grow apart **D**
