Hold On With My Open Hands
William Fitzsimmons

This song has many layers, but the guitar part repeats the entire song

Capo 2 (chords are relative to capo)

G D G C
If I had known you better I could probably get my money back
G D G C
From that old preacher and his organist who said she knew my dad

G - D - G -C (x2) ((I like to finger pick these instrumental parts and the chorus))

G D G
C
When we were younger and you promised me that you would where my ring
G D G
C
But you where 14 years behind the time when you can mean such things

G D G C
But I will hold on with my open hands
G D G C
But I will hold on with my open hands

G-D-G-C (x2)

G D G C
And I suppose I should decide what I can do with all your clothes
G D G C
And closets full of all the places you and I will never go

G D G D
Is it misguided that I can recall the day you left my bed
G D G
C
And asked your mom and dad if maybe you could stay with them instead

G D G C
But I will hold on with my open hands
G D G C
But I will hold on with my open hands

Repeat the chord progression until end
