Tightrope
Yeasayer

This is really simple, just one chord sequence repeated.
Enjoy

Bb **Cm**
So you re wishing that you never did
Bb **Gm**
All the embarrassing things you ve done
And you re wishing you could set it right
And you re wishing you could stay the night
But then I go again, wishing never solved a problem
If you wanna get it big time, go ahead and get it get it big time

So I think I can solve all my problems by myself
Nevermind, nevermind, nevermind, nevermind
And you think you can solve all your problems by yourself
Nevermind, nevermind, nevermind, nevermind

Oh, give it, give it, give it, give it, give it
Until you just can t give no more
Oh, give it, give it, give it, give it, give it
Until you just can t give no more

Oh, give it, give it, give it, give it, give it
Until you just can t give no more
Oh, give it, give it, give it, give it, give it
Until you just can t give no more
