

She Doesn't See Me

A1

When she passes me by, she s a ray of light
Like the first drop of sun from the sky
And I know she s a queen who deserves a king
But I m not a king
And she doesn t see me

When she dances, she moves me to a smile
I see everything near her shine
There is a grace in her ways I can t contain
I don t have that grace
So she doesn t see me

And the closer I get I can t help but hide
So ashamed of my body and voice
There are boundaries we pass in spite of the war
But our own, we can t seem to cross

He has a way that surrounds him, so delicate
With a glory that reigns in his life
He is also so much that he is not
These things, they don t see
And she doesn t see me
And she doesn t see me
