Thereâ€™s a Reason

Capo 1st Fret

**C/G Fmaj7**

And I gave my hand to the Fates

And they took me around

They showed me the Seven Wonders

The sights and the sounds

**C/G Fmaj7**

There was a man with cinders for eyes

There was a girl with a dress made of flies

And there s a reason

There s a reason

**Am Em**

And it s love that s tearing them down

**F G**

And it s love that turns them around

**C/G F**

Say it is so

**C/G Fmaj7**

And the ballroom is filled with the joy

Of making old friends

And jukebox girls trip the light

They wiggle and they bend

**C/G Fmaj7**

Blind Joe, he s feeling no pain

Sweet Georgia, she dreams of the rain

And there s a reason

There s a reason

**Am Em**

And it s love that s tearing them down

**F G**

And it s love that will turn them around

**C/G Fmaj7**

Say it is so

**C/G Fmaj7**

When the moon follows you where you go  
And you cannot hide  
And when voices of doom ring your ears  
And horsemen do ride

**C/G Fmaj7**

May tomorrow the land be anew  
May every bird sing unto you  
That s the reason  
That s the reason

**Am Em**

That the love that s tearing you down

**F G**

Is the love that will turn you around

**Am Em**

That the love that s tearing you down

**F G**

Is the love that will turn you around

**C/G F**

Say it is so
