Tell Me How

VERSE
D#m B F# A#
The tunnel is shorter than the light is bright so carry on with your head held high.
Infinite epiphanies that make you smile make you laugh make you wanna cry.
Your shifting perspective is all you need mixed with love ideas and creativity.
I know that you can make it work so lets make it work make it work.

G#m F# C#
Nobody knows where the road will go but the road goes on and on and on and on.

CHORUS
D#m B F# A#
If I could lift you up tell me how.
If I could make you smile tell me how.
If I could make all your days go right tell me how. Tell me how.
If I could be the light tell me how.
If I could be the one tell me how.
To light up all the darkness in your life.
Tell me how. Tell me how.
