

Forever

Aaron Lewis

intro: **C9 G D** (2X)

[illegible]

C9                                G                                D  
Another time to say I love you

C9                                G                                D  
Another time to say go\_\_od night

C9                                G                                D  
Another time to hear a dial tone

Am

Cause no one wants to fight

C

Why should we fight?

```

refrão:
      G                               D
Cause I can see it in your eyes
                                Am
Is the sparkle gone forever?
      C
Don t say forever

```

G D

And I can feel it when we touch

Am

Is the fire out forever?

C

Don t say forever
