Aaron Lordson is a West African who plays on the streets of Barcelona: the Rambla,

Portal d Angel,... He was also on the Spanish talent show called Hijos de Babel.

He produces his CDs himself (have seen them on Amazon). As far as I can tell this

song is an original (at least I haven't been able to find any other references to it online).

I probably got some of the lyrics wrong. Tabbed by Art & posted to UG
