

[Chorus]

There s no such thing as Peter Pan
No such place as Never Never Land
I wish we all could have those tiny magic wings
But we live in a world with wars
It s not like it was before
We won t find our happy ever after here
There s no such thing

[Bridge]

It s not where we belong
And if it s feeling wrong
Oh you must stay strong
Cause it was here
That I first saw your face
Every night I pray
That you d believe the same

[Chorus]

There s no such thing as Peter Pan
No such place as Never Never Land
I wish we all could have those tiny magic wings
But we live in a world with wars
It s not like it was before
We won t find our happy ever after here
There s no such thing
There s no such thing

[Outro]

I hate to be the one to break the news
