

Country Boys Tool Box

Aaron Tippin

Country Boys Tool Box

E D A E

E

Well sit down honey gotta have us a talk
You man is a little upset
There s a couple of things that s been missin
And I ain t found em yet
I ain t pointin no fingers ain t layin no blame

A

And I don t wanna lose my cool

E

A

But you just don t fool with a Country Boy s tool

E D A

Tool Box.

E

Now did I hear you right you loaned out
To the neighbor down the road
Hey I just as soon you let him have my ole bird dog
Or my favorite fishing pole
Now there s one little lesson that you need to learn

A

That they just don t teach in school

E

A

You just don t fool with a Country Boy s tool

E

Tool Box.

A

E

A

It was handed down from my daddy s dad

E

Back in nineteen forty-two

A

And they may be rusty and they might be old

B

But they re kinda like my family jewels

E

Honey I love you but there s something else too

A

That I care about a heck of a lot

E

A

Oh you just don t fool with a Country Boy s tool

E D A

Tool Box.

E

Now I don't wanna hurt your tender heart
And I really do understand
That a friend in need is a friend indeed
And you offered a helping hand
But if something gets broke and it's gotta be fixed

A

Well I don't blame you know who

E

A

Cause you just don't fool with a Country Boy's tool

E

Tool Box.

Chorus:
