

Haunted House

Aaron Watson

E

Sometimes I hear a woman cryin

A

E

And a man sayin nothin at all

E

Often I hear children laughin

B

And footsteps walkin down the hall

E

There s a ghost for every memory

A

E

Always remindin me that I was wrong

E

And since her leavin

I ve been sleepin

B

Leavin all of the lights on

(Chorus)

A

What was once a happy home

E

Feels more like a haunted house

B

Haunted by the sounds of broken hearts

A

E

Rattlin off the chain of broken vows

A

It sends a chill through my bones

E

It s got me scared as a mouse

A

E

Now empty and alone

B

What was once a happy home

E

Feels more like a haunted house

There s no place to run and hide

I swear she s everywhere I go

In every room I, smell her perfume,

I know she s not here

But I m not alone

(Chorus)

It sends a chill through my bones
It s got me scared as a mouse
Now empty and alone
What was once a happy home
Feels more like a haunted house
