

Some Never Will
Aaron Watson

F C G

With the world in the palm of his hands

F C G

Slipping through his fingers just like grains of sand

F C G

He don t know his hourglass is losing time

F C G

Till she run out of patience and leaves him far behind

F C G

Some lovers gotta learn love the hard way

F C G

Before they understand the way they feel

F C G

Some lovers are slower than others

F C G

Some will come around and some never will

F C G

If only she had a dime every time he s done her wrong

F C G

Or for every one wondering why she s still holding on

F C G

She could buy that rodeo and shut it down

F C G

Along with every honky tonkin bar in town

F C G

Some lovers gotta learn love the hard way

F C G

Before they understand the way they feel

F C G

Some lovers are slower than others

F C G

Some will come around and some never will

F G

It may be his fault but she s still one to blame

F D

For taking him back and playing his foolish games

F C G

Some lovers gotta learn love the hard way

F C G

Before they understand the way they feel

F C G

Some lovers are slower than others

F C G

Some will come around and some never will.
