Live It Out - Abandon

Intro: **G#**, **E**, **B**

Verse 1:
```
G#                          E          B
Is it just me or the walls closing in?
G#                          E          B
I canâ€™t be the only one feeling this
E                      G#
So lets tear down brick by brick
B                      F#
Cause itâ€™s not helping anyone
E                      G#
Lets get out from under this
B                        F#
Or weâ€™ll watch it fall on us all
```

[Chorus:]
```
B
Can you feel the urgency now
G#
Its time for us to love out loud
E              G#            B      F#
Take what we know and live it out
```

Verse 2:
```
G#                          E                B
So am I part of the cure or part of the disease
G#                          E                B
I think its time we fall down on our knees
E                      G#
And ask God for clarity
B                          F#
To wash away our memories of the old way
G#                              F#
Yeah, and pray that the walls break
```

[Chorus 2:]
```
B
Can you feel the urgency now
G#
Its time for us to love out loud
E              G#            B      F#
Take what we know and live it out
B
This could be the start of a new day
```

G#
We could be the change
E   **G#**   **B**   **F#**
If we take this love and live it out

C#   **Ebm7** (**B**) **C#**   **Ebm**   (**B**)

[Bridge:]
C#
We are lost and broken people
Ebm
Turned our crosses into steeples
G#   **B**   **E**   **G#**   **B**   **E**
Lets take them down and put them on our backs now
G#   **B**   **E**
Keep your love on track now
G#   **E**   **F#**
Cause this is an emergency
