All my lights are out, this is not my kind of bliss
My painted lips are numb in this stranger's empty kiss
I saw shadows at your feet my empty shoes have left me here
I knew then that the rain would come when we watched the rainbow disappear

Ch: G#m A G#m A B G#m

I'm not missing you I'm not staring into space

A B

I'm not blue I'm not blue

Iâ $\in$ TMm not holding on, even to the lack of you Iâ $\in$ TMm not running movies in my head Iâ $\in$ TMm not searching for your feet in bed Iâ $\in$ TMm not sleeping in your T-shirt Baby Iâ $\in$ TMm not making tea for two

(Chorus)

Dreams will fly just one more night  $\text{And } \hat{\text{Ia}} \in \mathbb{N} \\ \text{I won t turn around and } \hat{\text{Ia}} \in \mathbb{N} \\ \text{I wake up singing again}$ 

For the first time and forever I say a million times goodnight It seems easier to love everybody else than to love just one man right

(Chorus) x2
