

**Sun And Moon  
Above & Beyond**

So i ve been searching for the chords of this track, but i finally figured it out myself

Hope u enjoy it :)

**F#m**

Itâ€™s raining, itâ€™s pouring

A black sky is falling

**A**

**Bm**

Itâ€™s cold tonight

**F#m**

You gave me your answer Goodbye

**A**

**Bm**

Now Iâ€™m all on my own tonight

(And so on)

And when the big wheel starts to spin

You can never know the odds

If you donâ€™t play youâ€™ll never win

We were in heaven you and I

When I lay with you and close my eyes

Our fingers touch the sky

Iâ€™m sorry baby

You were the sun and moon to me

Iâ€™ll never get over you, youâ€™ll never get over me
