

**Sound Of Your Name**  
**Above the Golden State**

Received these chords from Michael, lead singer/guitarist of the band, so you can know are right. The strum pattern is pretty interesting, but if you listen to the song it is to pick-up. Good luck and God Bless.  
(A list of chord fingerings are at the bottom)

INTRO: **G Bm Em**

FIRST VERSE:

**G Bm**  
I tried and tried,  
**Em C G**  
A thousand times I tried to get to you,  
**Bm F C**  
But I could never move...  
**G Bm**  
I had to lie,  
**Em C G**  
To fall behind and blame it all on you,  
**Bm F C**  
Cause I still hate to lose...

PRE CHORUS: **C Em D**

CHORUS:

**G D**  
Towers fall and kingdoms crumble,  
**Am C**  
The mountains bow and the earth will tremble,  
**Em D C**  
At the sound of Your name, at the sound of Your name.  
**G D**  
Strong man falls to him who humbles,  
**Am C**  
Plans he made, were bound to stumble,  
**Em D C**  
Only You remain, only You remain.

2ND VERSE (same chord pattern as first verse):

I cried and cried,  
A thousand tears I cried because of You,  
I lost my one excuse...
