Verse 1:

**G#m E**  
Enough said, the make-shift  
**G#m E**  
Is a comfortable chair  
**G#m E**  
Sit back and I ll tell you  
**G#m E**  
We re living in fear  
**B G#m**  
And I don t know  
**B G#m**  
Why you talk so rough  
**A# G#m**  
Why should I be  
**A# G#m**  
Not sure of  
**G#m E**  
Myself & my intentions  
**G#m E**  
They are cristal clear  
**G#m E**  
I wanna pay my duty  
**G#m E**  
To your daddy dear  
**B G#m B G#m**  
Hold on to your decency  
**A# G#m**  
I ll make you whole  
**A# G#m**  
And we ll be free

Chorus:

**G#m (B) G#m**  
Isn t it always so?  
**F# E**  
The story is unfold, at least  
**G#m (B) G#m**  
You got a different role  
**F# E**  
And now you gotta quit the scene

**G#m**                    **E**  
 I favour your flavour  
       **G#m**                    **E**  
 I m confronting you  
       **G#m**                    **E**  
 You stroke a bad patch  
           **G#m**                    **E**  
 With the man who has you  
       **B**        **G#m**  
 And baby won t you  
       **B**        **G#m**  
 Consider me  
       **A#**                    **G#m**  
 I ll make you whole  
       **A#**                    **G#m**  
 And we ll be free  
           **G#m**                    **E**  
 And we re driving alone  
       **G#m**                    **E**  
 On a Saturday night  
           **G#m**                    **E**  
 We re feeling alright,  
           **G#m**                    **E**  
 Everything s in sight  
       **B**        **G#m**  
 And baby won t you  
       **B**        **G#m**  
 Consider me  
       **A#**                    **G#m**  
 I ll make you whole  
       **A#**                    **G#m**  
 And we ll be free
