[Verse 2]:

We used to hold hands, didnâ€™t wanna let go

Is there still a chance for love
Curs to be , so feel our minds now
With our dreams to stay

[Bridge]:

Canâ€™t talk about us in the same way again
Friends now keep asking and i cant just pretend

[Chorus]:

Sometimes that happens
Sometimes love just has to end
Crystal dreams shatter
Wish we could make amends
I m not the prince, I know your not my princess
Sometimes that happens,
Can we just stay as friends?

[Bridge (preparing to exceed emotion)]:

Can t talk about us in the same way again
Friends now keep asking and i cant just pretend

[Chorus (fulfilling emotion but stays in key)]:

Sometimes that happens
Sometimes love just has to end
Crystal dreams shatter
Wish we could make amends
I m not the prince, I know your not my princess
Sometimes that happens, sometimes that happens.

Sometimes that happens
Sometimes love just has to end
Crystal dreams shatter
Wish we could make amends
I m not the prince. I know your not my princess
Sometimes that happens,
Can we just stay as friends?

Can we just stay as friends?

Can we just stay as friends?

End
